Introduction:

Welcome to the 2015 Mystery Amigurumi Project hosted by *'The Crochet Crowd'*. This mystery will last for a total of 5 weeks. Each week reveals a few more pieces to be crocheted. Keep in mind this is a mystery, and not until the final week will it be revealed what you have created.

If you are having problems following these written instructions there will be videos released each week, that will assist you on a step-by-step basis.

Materials:

- approx. 150 grams of Worsted Weight yarn (4)
- Crochet Hooks **3.5mm (E)** & **4mm (G)**
- sm. bag of Stuffing
- Yarn Needle
- Stitch Marker

Notes:

- 1) To make the project even more interesting, try using a variety of yarn colours. We've made a sample of this project using a different colour for each piece. It came out looking amazing.
- 2) Although we have taken every effort to make sure this pattern is free of errors, remember we too are only human. Some spelling, grammar or functional errors may arise. Please be assured we will fix and update these patterns as soon as possible.
- 3) Some of these pieces will be one-offs, others you will need to make two, be sure to make the

proper quantity of each piece and take care to follow instructions concerning tails to make assembly during the final week easier.

- 4) Most pieces are worked in continuous rounds, with the right side facing throughout. Do not turn, and do not join at the end of rounds. Place a marker to indicate the end of the first round and move marker up as your work progresses.
- 5) Gauge is not critical. Work your stitches tightly. If you find your stuffing is showing through, try decreasing your hook size.
- 6) To aid in tracking your progress we have placed a box to check off each step. When a line of instructions is for multiple rounds or rows, there will be enough boxes for each.
