Revision 1

Introduction

Introducing the Waffle Stitch Bag. It's comprised of strategically placing front post double crochets. To keep the balance and the true waffle appearance, you are required to **change directions** at the end of each round. I demonstrate that in a tutorial. If you don't turn around, you will end up with a waffle that has a lean to it. It's easy to complete and you will have a bag in no time. For your convenience, Daniel has made a diagram for me to further illustrate how this is done.

Project Size

11.5" wide x 13" tall. Excluding handles.

Instructions

Multiples are in sets of 3 if you would like to change the size.

Fold bag in half and lay flat. Whip stitch with remaining tail across the base of the bag to seal bottom shut. Secure loose ends.
