

Crochet Criss Cross Arrow Scarf

The pattern for the scarf is quite easy and you can ad-lib and create your own style.

I am not much of a crocheter, matter of fact, I crochet like I knit! It's slower but the results are still the same. Nor do I write patterns but here is a simplified version of what I did. The Yarn was so easy to use and no issues with splitting or bunching.

Colour A: 2 Balls Heartland® Thick and Quick® Acadia,

Colour B: 2 Balls Heartland® Thick and Quick® Joshua Tree

Match the hook to the Yarn Ball Recommendation of your yarn of choice.

Chain in groups of 4 to desire length with Colour A

- Row 1 - Hdc across continued with Colour A
- Row 2 & 3 - Arrow stitch across with Colour B
- Row 4 - Sc across with Colour A
- Row 4 - Treble criss cross stitch across continue with Colour A. I added two Double Crochets at the beginning and the End
- Row 5 - Sc across continue with Colour A
- Row 6 & 7 - Arrow Stitch across with Colour B
- Row 8 - Dc across with Colour A
- Row 9 - Sc across with Colour B

Written Instructions for Arrow Stitch

Match the hook to the Yarn Ball Recommendation of your yarn of choice.

1. Ch in multiples of 4 until you get the desired length chain. Add 3 extra chains at the end.
2. (Right Side) Treble Crochet, in the 7th chain from the hook. From the 7th chain, count back 3 chains and begin to *double crochet in the next 3 chains by moving the treble in front of your work and inserting your hook behind the trebles when inserting into the chain. Count to the 4th empty chain and place a treble crochet and repeat * all the way across. Final stitch is a double crochet.
3. (Wrong Side) Chain 3, * Skip to the 4th skip and treble crochet, double crochet into each of the 3 skipped stitches. When double crocheting, work in front of the treble. This pushes the treble back to be on the right side. Repeat * Across. Double Crochet into the final stitch.
4. (Right Side) I put a SC row across. Simple Ch 1, SC into each st across. This is optional.
5. (Wrong Side) Chain 3, * Skip to the 4th skip and treble crochet, double crochet into each of the 3 skipped stitches. When double crocheting, work in front of the treble. This pushes the treble back to be on the right side. Repeat * Across. Double Crochet into the final stitch.

6. Repeat Rows 3 to complete this arrow.

Written Instructions for Treble Cris Cross

1. Chain 3 (counts as double crochet), Turn, Double Crochet in next stitch, *skip first stitch, treble crochet into next, then treble crochet into previous skipped stitch creating the cris cross*, repeat* this to the end. Double crochet into last two stitches
