To begin, you have to sort of *create* the first row. Don't give this a lot of thought, just work it step by step.

Row 1 - Ch 4, 3 dc in 4th ch from the hook; *ch 4, 3 dc in 4th ch from the hook; repeat from *4 more times. You should have a line of 6 humps. This is the first row of blocks. Turn.

Row 2 - Ch 1, slst in first ch 3 space, ch 3, 3 dc in same space, slst in next ch 3 space, ch 3, 3 dc in same space, slst in next ch 3 space, ch 3, 3 dc, ch 3, 3 dc all in the same space (peak made), slst in next ch 3 space, ch 3, 3 dc in same space, slst in next ch 3 space, ch 3, 3 dc in same space, slst in last ch 3. Turn.

Repeat row 2 until the desired length. Change colors as often as you'd like. Try it in your favorite team colors. Have fun and be creative!
