Revision 2

## Introduction

Created with Caron Latte Cakes. The eyelash fiber is mixed in to give the look of the finished product a more faded colour and ultra soft feel.

Size: 8" deep x 15" dia.

## Instructions

The cowl is worked in a continuous infinity revolution. This is achieved through being strategic when proceeding to rnd 2. The infinity cowl is permanently with a twist.

**Option:** If you prefer to have a regular cowl without the twist, do not flip the row when proceeding after round 1 and there will be no infinity twist to it.

Ch 90, join with a sl st to beg ch to form ring. Careful not to twist ch.

**Rnd 1:** Ch 1, sc in next st, hdc in next dc in all remaining sts. Organize the project as if it was a regular cowl

without a twist. Now, flip the beg sc down so you will start crocheting on the bottom side of the sc. Do not join, you will work in a continuous round from this point. Place stitch marker.

**Rnd 2 to End:** Dc in each st continuously until you get your desired depth. There is no slip stitching involved.

**Final 9 Sts:** Once Satisfied and appears close to the original stitch markers you had, apply 3 hdc in a row, 3 sc in a row, and then 3 sl st in a row. Fasten off and weave in ends.

**Option:** Using black yarn, attach with sl st to any st. Ch 1, sc in each st around the entire cowl. Join with a sl st to beg sc. Fasten off. This will create a visual break.
