

## Reversible Cowl

Intermediate

- 1 Ball - Caron Chunky Cakes.

### Hook

8 mm / L Hook

### Abbreviations

Beg = Begin

Ch = Chain

Rep = Repeat

Sl St = Slip Stitch

Sp = Space

Dcfp = Double Croche Front Post

Dcbp = Double Crochet Back Post

### Easy to Crochet

The cowl is shown as the reverse side. Meaning, it's the wrong side of the project that faces out. The wrong side has the look that you see. The opposite side resembles the moss stitch.

This was designed by Daniel. The cowl has a severe elastic to it. It's pretty neat over all.

Cowl is worked as a continuous round after Round 1.

Reverse single crochet is used for the

duration of the cowl from round 2 to the end.

Cowl is 15" diameter x 7". The cowl buldges outward in the middle due to the stitch

### Instructions

**Ch 50.** Join with beg ch to form a ring. Do not twist chain.

**1st round:** Ch 1, 1 sc in each st around. Join with a sl st to beg sc.

**2nd round:** Ch 2 (counts as a reverse sc + 1), \*reverse sc in the next st, ch 1. Repeat \* around. Do not slip st to beg ch-2 as you are working in a continuous round.

Continuing onward, sc in \*ch-1 space, ch 1. Repeat \* until you get to desired thickness length.

Leave enough yarn from the ball. You will now single crochet regularly in the ch-1 spaces around for the final round. Fasten off and weave in ends.
