Revision 1

Introduction

This easy to follow chevron pattern has almost a seamless appearance between the rounds.

Back & Forth

In order for chevrons to line up to each other, the stitchwork must be consistently in position. Many of us understand when we crochet in a continuous round that we grow up on an angle. We see it in hats with traveling seamlines that are not straight down the hat.

We want the continuous round look, the trick is to **turn** at the end of a

round and go back in the opposite direction. This will keep the seamline in a true vertical direction.

Project Size

14" wide x 12" tall. Excluding handles.
