

# MANDALA

## STITCH ALONG

The original mandala is themed after autumn colours. You can colour your mandala in any way possible. There are 7 colours used but you can add more or subtract colours from your own versions.

### Colour Sequence

The designer, Lisa Gentry, has sequenced the colours in an order. For Mikey's version, he is going to honour the sequence of colours as it looks great; however, he is going to change the colours to be more Water Meets then Sand and Tropical Rain Forest.

Work 1 round with **A**, 1 round with **B**, 1 round with **C**, 1 round with **B**, 1 round with **A**, 1 round with **B**, 1 round with **D**, \*1 round with **E**, 1 round with **F**, 1 round with **G**, 1 round with **A**, 1 round with **C**, 1 round with **E**, 1 round with **F**, 1 round with **B**, 1 round with **D**, 1 round with **A**, 3 rounds with **G**, 1 round with **F**, 2 rounds with **C**, 1 round with **E**, 1 round with **A**, 1 round with **B**, 1 round with **D**; **repeat from \*** once more, 1 round with **C**, 1 round with **E**, and 1 round with **F**.

If you change the colour sequence, it will change the yarn quantities suggested for the pattern.

### Avoid Ball Mix Up

Mark each ball with the letter that matches so you don't get confused as easily.

### Diva Dan's Mix for Mikey

Goal was to mix the colours to be relaxing in nature. This is Mikey's example below using Diva Dan's colours.

**Gauge - Video will be provided before launch.**

The throw is working in a circle; therefore, you need to do a gauge check to match. If you decide not to match gauge, you run the risk of the throw not sitting flat.

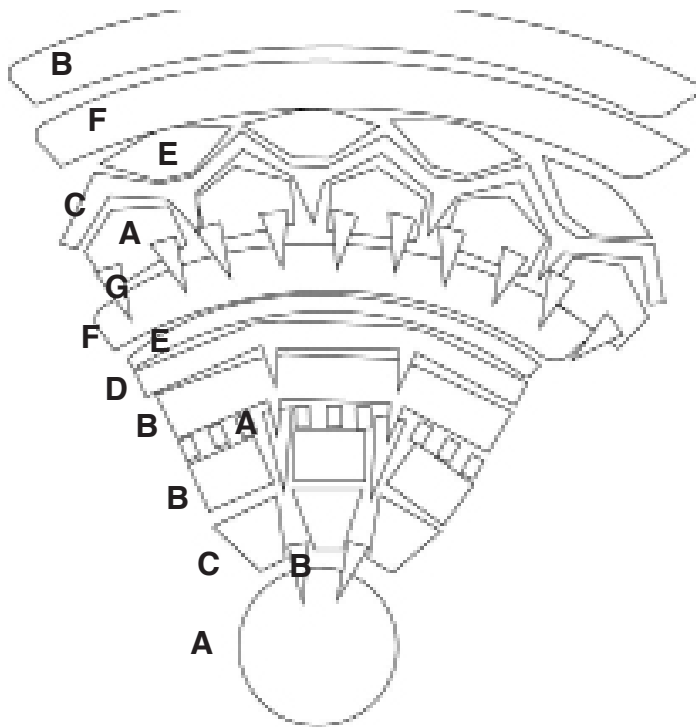

Using the first colour yarn, create the first 3 rounds. **Do not cut yarn between rounds or at the end.** Take measurement and then frog out to save yarn.

- **Rnd 1:** Follow instruction. Sl st to next ch 1 sp.
- **Rnd 2:** Ch 1, then continue instructions. Sl st to next ch 2 sp.
- **Rnd 3:** Follow instructions and then stop.

**Rounds 1 – 3 = about 4" [10cm] diameter. CHECK YOUR GAUGE. Use any size hook to obtain the gauge.**

### Colour Your Own Scheme

Draw your own colour scheme.

If the circle is about noticeably smaller, frog out and retry again with a larger hook.

If the circle is over 4" by what you think is significant. Frog and retry with next hook size down.

**Make your Note Here to Remember**
