## MOSAIC CROCHET: What it is and how to read Mosaic Crochet charts.

Mosaic Crochet Patterns are worked in alternating pairs of single crochet (sc) rows, with each pair consisting of a right-side (RS) row and a wrong-side (WS) row worked in the same color. Working the stitch patterns in two-row sections makes it easy to carry your yarn up the side of your work as you go (you don't have to carry the unused color across the rows like you do for tapestry crochet), resulting in fewer pesky ends to weave in!

A mosaic crochet pattern starts to come to life when double crochet (dc) stitches, worked on your RS rows, are dropped down in front of chain-spaces from your previous pairs of rows, hiding the color behind them and allowing a pattern to emerge. You will notice that the WS of your work maintains the alternating 2-row striped pattern because you are *working in front* of the chain spaces into the skipped stitch 3 rows below.

As you work through the Charts you will notice that each time you are asked to skip a stitch, you will also be asked to chain some stitches. These chains become an indicator to let you know where you will be dropping down dc stitches along the next RS row. You will also notice that you will be chaining 1 more stitch than the number of stitches you will be skipping (ie. if you are skipping 1 stitch, you will chain 2, if you are skipping 2 stitches, you will chain 3) this will ensure there is enough space for your dc stitches to sit flush with the RS of your work.

A very simple trick to keep you from losing your place in a detailed crochet chart is to place a sticky note directly on your printed pattern to keep track of where you are. If you stick the sticky-note along the top of the row you are working, covering up the rows above, you can keep track of the row you are working while also seeing the rows below so you know what stitches you will be working into. The sticky note is the perfect tool because you can

un-stick and re-stick it as you work up each row of the chart. Keep in mind that unless you see the top part of the dc stitch symbol, just ignore it for that row, working only the chain stitches you see behind it. Once you get to a RS row where you can see the very top of the dc stitch symbol, it is time to *work in front* of the rows below.

Below shows working the 3rd row of the Zig-Zag Mosaic Pat Chart.

Follow along in the next few photos to see how the Zig-Zag Mosaic Pat works-up:

Diagram illustrating a 2D lattice structure (4x20 grid) with blue '+' signs and grey '+' signs, representing a mapping to a 1D chain. The grid is divided into four 4x5 blocks by vertical red lines. The top row is labeled 40, 20, and 03. The bottom row is labeled 20 and 01.

WEEK 1 3 of 10

## WOVEN PATTERN MOSAIC CROCHET BLANKET | WEEK 1

Notice how the next pair of rows overlaps the previous pair to show more of the pattern.

The diagram shows a 2D lattice with 8 rows and 10 columns. Rows are labeled 0 to 7 on the left and right. Red vertical lines separate columns into groups of 4, 4, and 2. Blue circles with '+' signs are placed on specific sites, and black arrows point from these sites to the right. The pattern of blue circles and arrows repeats every 4 columns.

Reduced sample RS of 1st to 8th rows of Zig-Zag Mosaic Pat Chart.

Notice that the WS of your work maintains the alternating 2-row striped pattern because you are *working in front* of the chain spaces- you are never working around the chain spaces. The chain spaces sit behind the dc stitches.

Reduced sample WS of 1st to 10th rows of Zig-Zag Mosaic Pat Chart.

Notice how the color of the dc stitches you are working in front of the previous rows are actually worked into the top of the last row that was worked in the same color.

Reduced sample RS of 1st to 11th rows of Zig-Zag Mosaic Pat Chart.

Notice how your repeating rows will stack on top of each other and continue to drop down in front of the rows below. Working your way through each chart will bring this crisp pattern to life!

Reduced sample RS of 1st to 12th rows of Zig-Zag Mosaic Pat Chart plus 1 repeat of 5th row of Chart.
