

## Yarn List

For the Bobble Textures Crochet Blanket. We have yarn quantities for each of the versions.

As noted in the article, I did the Bernat Symphony Version and used 8.5 balls. I would buy 9 balls as a backup. My fingers being thicker and my tension being more relaxed, I used more yarn than prescribed.

### Bernat Symphony Version

This version doesn't have you change colours for each suggested time. You simply crochet until your heart's content and then dive into the next ball. This will self-stripe your afghan.

**Bernat® Symphony™ (7.9 oz/225 g; 309 yds/282 m)**

- Sea Spray (21006) 8 balls (*I would buy 9 balls if I were you.*)

### Bernat Velvet Version

This version requires you to change out your yarn colours to match the sample. However, the colour changing is subjective to you.

**Bernat® Velvet™ (10.5 oz/300 g; 315 yds/288 m)**

- Contrast A Indigo Velvet (32007) 3 balls
- Contrast B Softened Blue (32008) 2 balls
- Contrast C Velvet teal (32005) 2 balls

### Bernat Freesia Version

This also requires you to change your colours to match the sample. Colour changing is indicated on the pattern.

**Bernat® Freesia™ (7.9 oz/225 g; 309 yds/282 m)**

- Contrast A Indigo (24007) 4 balls
- Contrast B Vanilla (24002) 3 balls
- Contrast C Frosted Pine (24006) 3 balls

## Bonus Pillow Yarn List
