Caron Short Rows Scarf

Designed by Yarnspirations, drawn by Mikey.

Use the **back loops only** when doing this entire project. To make it easier to read, I left off the symbol of the back loops.

Repeat Rows 1 - 9. For balance, you need to have an even number of wedges. This scarf is approx 90" long.

Last row needed is like Row 2. Ch 1, 1 sc in each back loop to end of row. Fasten off.
