Yarn

Red Heart® Colorscape™, 100 g/3.5 oz, 171 meters/187 yards

1 Ball Can Do 2 Hats. If using 2 balls for double stranding, you can get 2 hats.

Blue Version is using 2 balls of same colour called Mykonos. Purple Version is using 1 ball of Paris and 1 ball of Sydney.

Hat weighs approximately 77 grams. Yarn uses is a #4 medium Weight that works better for this style of loom. Hat will fit an average adult. Sizing for ladies and mens is in the pattern.

Loom

- 9" across the pegs.
- It's the 3rd largest size in this kit.

Notes

There is a **video tutorial to demonstrate** how the ribbed are done and the ribs are done at the end of the project so you can speed knit and do the ribs all at once.

The hat has a permanent fold to form the clean edge brim. You will need to count the cross strings when doing the brim, then the remaining of the hat is done through using a tape measure.

Instructions

Cast on all pegs using Twisted Knit eWrapping.

Brim Panel: Knit until you can count cross string rows from the pegs to the edge of the project. There are 17 rounds which equals 17 cross strands.

Pictures are from the baby size but the brim, other than the

number of rounds, is formed the same way.

Form Brim: Follow first peg to where the starting slip knot is. Take the last strand and put it onto the same peg. Then grab next strand and put it onto the next peg. Follow around until all pegs have the beginning cast on round.

eWrap the loom and throw the two strands over the last eWrap leaving 1 loop on peg.

Body of the Hat: As shown in the video, place a stitch marker before starting the next round so you can easily count the cross strands from this point to the end. eWrap and Knit until approximately 23 rounds for ladies or 25 rounds for men.

This is hard to describe, see the tutorial for clarification.

Release 1 loop from the loom and undo the loops for that stitch all the way back to the stitch marker round just above the brim.

Insert 6.5 mm / K crochet hook into loop left and pull through 1 (double stranded) cross strand. Pinch loop and release hook. Insert hook into opposite side of loop and rotate handle of crochet hook clockwise so handle is at 6 o'clock position. Grab next cross strands, repeat. Continue this until last cross strands and put last loop back onto the loom.

Fasten off by cutting strand about 24". Using tapestry needle. Insert needle through next loop and pull strand through while lifting the loop off the loom. Continue around until all loops are on the strand.

Pull strand tight to close top of the hat. Secure loose ends.
