

# Baby's First Cluster Hat - 7 - 9 lbs Newborn

©2021 The Crochet Crowd, Michael Sellick - Tutorial Working Notes

In hats generally, a slight change by just a few stitches can seriously jump a pattern up in size.

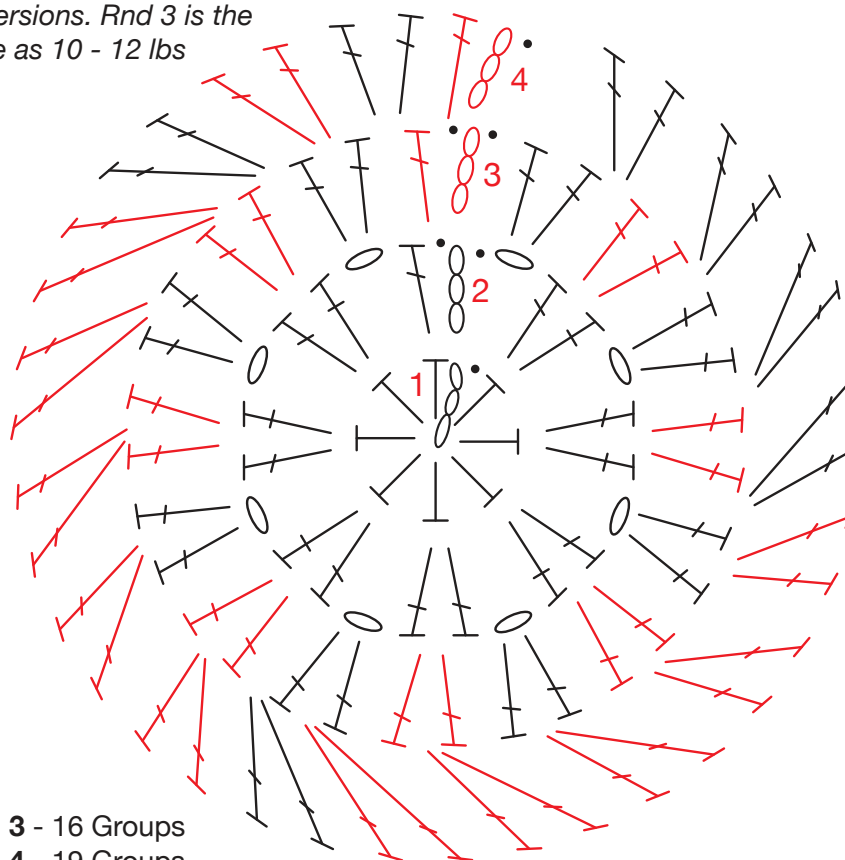

The Baby First Cluster Hat is example where the growth isn't a straight formula as the sizes change.

Careful attention to where the groups of 2 dc are placed matter.

- Slip Stitch
- Chain
- ┆ Half Double Crochet
- ┆ Double Crochet
- ┆ Located between 2 dc stitches.

## 7 - 9 lbs Version

*Rnds 1 - 2 Are Same for All Versions. Rnd 3 is the same as 10 - 12 lbs*

**Rnd 3** - 16 Groups

**Rnd 4** - 19 Groups

**Next Rnd:** 2 dc between dc groups until 4.5" complete.

Once Rnd 3 & 4 are completed, all rounds are just 2 dc between the groups of 2 dc for remaining of the hat and then 1 sc in each st around for the final round.
