

Baby's First Cluster Hat - 10 - 12 lbs Up To 3 Months

©2021 The Crochet Crowd, Michael Sellick - Tutorial Working Notes

In hats generally, a slight change by just a few stitches can seriously jump a pattern up in size.

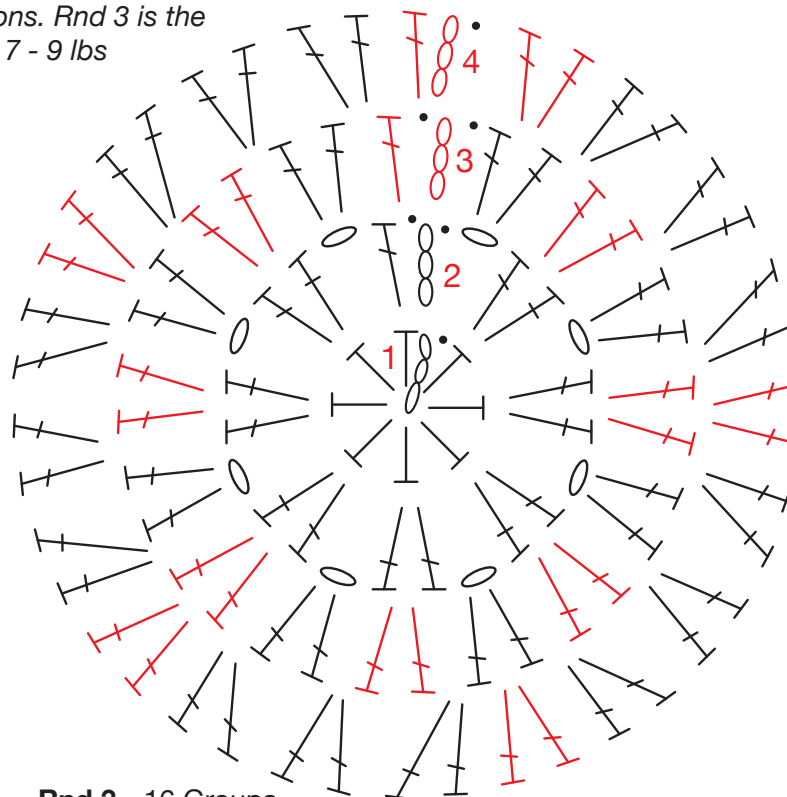

The Baby First Cluster Hat is example where the growth isn't a straight formula as the sizes change.

Careful attention to where the groups of 2 dc are placed matter.

- Slip Stitch
- Chain
- ┤ Half Double Crochet
- ├ Double Crochet
- ├ Located between 2 dc stitches.

10 - 12 lbs Version

Rnds 1 - 2 Are Same for All Versions. Rnd 3 is the same as 7 - 9 lbs

Rnd 3 - 16 Groups

Rnd 4 - 21 Groups

Next Rnd: 2 dc between dc groups until 5" complete.

Once Rnd 3 & 4 are completed, all rounds are just 2 dc between the groups of 2 dc for remaining of the hat and then 1 sc in each st around for the final round.
