Inspiration, Materials and Sizing

What can you do with just two balls of Bernat Blanket? Using two different colours, this blanket shows you what it could look like. The first ball is almost used and the same with the second leaving just a bit left over.

Bernat Blanket, 300g / 10.5 oz, 201 meters / 220 yards

A - Sailor's Delight - 1 Ball
B - Vintage White - 1 Ball

Hook 8 mm / L/11

Size: 30" x 30" [76 x 76 cm]

ABBREVIATIONS

Beg = Beginning
Ch = Chain
Dc = Double Crochet
Hdc = Half Double Crochet
Rep = Repeat
RS = Right Side
Sl st = Slip Stitch
Sp = Space
St(s) = Stitch(es)

Notes:

You can let the two balls be used fully but I did stop the first colour when I knew I couldn't do another round for it before starting the vintage white.

However, say you have two balls of the same colour or it doesn't matter to you of having the colours randomly change over once the first ball runs out, just continue to crochet until you can finish the blanket to the size you prefer. You can make this design as big as you need.

GAUGE: 10 sc and 8 rows = 4" [10 cm]

Ch 4 and sl st to the beg ch to form ring.

1st rnd: (RS) Ch 3 (counts as double crochet), 2 dc into the ring. Ch 2, 3 dc into the ring, ch 2, 3 dc into the ring, ch 2, 3 dc into the ring, join with hdc to top of beg ch 3.

2nd rnd: Ch 3 (counts as double crochet), 1 dc into the same corner space, 1 dc into each st to next corner ch-2 space, *(2 dc, ch 2, 2 dc). 1 dc in each st to next corner. Rep from * around. 2 dc, join with hdc to top of beg ch-3.

3rd to finishing rnd: Rep 2nd rnd.

If using two colours, finish using the ball when you feel you cannot get all the way around.

In the sample shown, rnds 1 to 11 are with colour A. Rnds 12 to 16 are using vintage white. As the blanket gets bigger, you cannot do as many rounds.

Fasten off and weave in ends.

This baby blanket is 30" square. Many baby blankets range from 30" to 40". The smaller sizes are easier to travel with.
