Pattern Notes

This shawl is worked lengthwise. Begin the shawl by using the yarn from the outside of your skein of Whirl. Once you reach the halfway point, start with your second skein of Whirl from the inside, at approximately the same point in the color shading as the first skein ended. By doing this, the color will shade back in the opposite direction as the first half, creating a symmetric color shading sequence. There will be some excess from the inside of both skeins that does not get used.

Stitches using tog, is assumed to use the next chs or sts.

Cl = Clusters are 5 dc tog. Ch 1 at the end to lock in st. Clusters pop out to the opposite

side of the work. Row 2, the clusters pop out to the right side.

Opposite Edging

With WS facing, Join CC with sl st to beg-ch.

Row 1 (WS): You will need to add in 2 extra stitches evenly across this chain. I'm suggesting at the $\frac{1}{3}$ and $\frac{2}{3}$ across positions of putting in 2 sc into the same ch. Ch 1, 1 sc in same st, sc in each ch across, turn. (409 sc)

Row 2 (RS): Ch 1, 1 sc in same st, *sk 2 sts, 5 dc in next st, sk 2 sts, 1 sc in next st; rep * from across. Turn. (68 5-dc groups)

Row 3: Do not ch 1, sk first sc, 1 sc in next dc, 1 hdc in next dc, [1 dc, ch 2, 1 dc] in next/middle dc, 1 hdc in next dc, 1 sc in next dc, *sk next sc, 1 sc in next dc, 1 hdc in next dc, [1 dc, ch 2, 1 dc] in next/middle dc, 1 hdc in next dc, 1 sc in next dc; rep from * across, ending 1 sl st in the last sc. Fasten off.

Finishing

Weave in ends. Wet or steam block, pinning out points from final row along both long edges to open up lace patterns.
